

## Crane Training Schools Oshawa

Crane Training Schools Oshawa - We have designed numerous programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who requires certification or re-certification, and for inexperienced operator who is searching for a job in the business. Crane operator positions are in demand due to their high rates of pay. Operators of cranes are amongst the highest paid of whichever operator of heavy machinery.

Our Crane Training Schools feature instruction and training for a wide variety of mobile cranes. Course content includes Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The program is most suitable for crane riggers, operators as well as their supervisors. The materials included in the course would include a guidebook and many useful handouts. The safety manual that is illustrated consists of one hundred to two hundred fifty pages, that depends on the course, of helpful and vital material. Course materials comprise load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most effective method to improving and developing personal skill levels. Just qualified journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience.

For all the course we offer, we can include optional testing mechanisms to customize your training. A skills test is normally administered for programs which consist of H.O.S.T. Trainees would be tested and graded.

We offer certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.

Industry standards of practice are evolving as new industry requirements surface. There are constant updates to legislation and regulations.
